WHO "THE BOYS" ARE

SAN FRANCISCO, November 15.—
The Bulletin says:

Ding-a-ling, Toot-toot. The good ship Alameda will lift anchor tomorrow morning and the Honolulu Stars will sail over the seas for the Hawaiian Islands. It will be the beginning of the longest oceanic trip a baseball club has taken in recent years. The Honolulu Stars will be away from the mainland four weeks, half of which time will be spent on the water traveling. The time required to journey from San Francisco to Honolulu is equalled to that from New York to Paris. Think of that.

Unless signs fail the Coast League players have a delightful trip ahead. Pleasure will be mixed up with business. The Stars will play a series of six games with the picked team of the Hawaiian Islands. They will be on the islands two weeks, playing three games each week, so there will be ample time for sightseeing, fishing, bathing and attending receptions and jinks which will be tendered in their honor.

While Fisher's players are looking ahead to some bully times they will give good heed to their laurels. They intend to win every game they play. Let this be known. The Honolulu club will put on the field the very best aggregation they have, and Barney Joy will pitch for his old team-mates. Before Mike Fisher came to terms with the Hawaiians they asked for Joy's services. It would be a big feather in Barney's bonnet to defeat the cracks of the Coast League, and don't think he won't extend himself. If good-natured Barney lowers the colors of Fisher's team he will beat a good one.

Mike is taking over no second-rate or job-lot company. He selected his team with care, and it will be hard to beat. Look at his pitchers. What two better men could have been picked than Burns and Henley? One a southpaw and the other a southpaw. These big, strapping twirlers can throw twenty innings and not tire. It is only a matter of another season when both will be in major league company. Silent Bill will pitch for Boston (American) next year, and there is little question about him making good. Burns was one of the big discoveries of this season and his excellent work in the box was a big factor in Los Angeles winning the pennant.

Behind the slab Jack Bliss, whose release was purchased from Oakland by the St. Louis National club, will be found in most games. He is a coming young catcher, who will give Henley and Burns strong support. In the event of an accident Fisher can call upon either Donahue or Williams to help out behind the plate. Donahue is a great catcher, and like Bliss, will graduate into faster company next year, but he will be stationed at second.

base, which position Pat can play with equal facility.

At first base will be found Joe Nealon who has played two seasons with Pittsburgh. Joe is a big rangy fellow, who covers a lot of ground and hits the ball hard. Shortstop will be filled by Ziedler, who has made a most favorable impression in the short time he has played with the San Francisco club. He covers a world of ground, has a strong arm and is very fast on his feet. The Honolulu fans will see a speedy player in this young man and they will like his work.

In passing around to third base all hats off to Captain Bill Devereaux, the dean of coaches, a mighty good third-sacker and a prince of good fellows. The old Red Dog is going to a new land, but his fame has preceded him, and he is almost as well known there as on the mainland. Bill is doomed to receive a very cordial reception when steps out on the field in the opening game and lets a howl which will shake the hillsides.

In the outfield there are three as dangerous hitters as there are in the league. Heilmuller, Williams and Hildebrand are three aces in themselves. There is no better outfielder in the league than Hildebrand. It is to be hoped that he gets a chance to wing a few runners out at the plate. He has a deadly arm and it is all but fatal to try to score on third on a fly to his territory. Heilmuller is another player with a powerful arm and a good eye. He threw out dozens of runners at the plate from right this season, showing wonderful improvement in his work. Williams is a versatile player, who can pitch, catch, play the infield or outfield and play them all well. He is a fine stickler and has a good head. Dashed out going along to catch Joy, if his services are needed. If not he will help Bliss out behind the bat. He is a rising young catcher, who is full of ginger and dash.

If the Honolulu Stars are routed it will be because they have better players on the islands than we give them credit. Fisher's men will put the same ginger and snap in their work that they did last week. They will aspire to leave a favorable impression and advertise the Coast League, as well as California and Oregon.

Mike Fisher, who will be at the helm is a thorough baseball man, who organized the strongest team ever seen on the coast. The team that won the pennant for Tacoma is conceded to have been the best ever as far as the coast was concerned. He deserves a world of credit for promoting this expedition for it will advertise world-wide, not only the whole coast, but the Hawaiian Islands as well.

May the Honolulu Stars have a safe and successful trip.

SPORT NOTES

The baseball game which was to be played on Thanksgiving afternoon before the big game between the Chinese A. C. and the Palama A. C. is off as far as the Palamas are concerned. They would not come to terms that were offered them. In addition to the cup that Jess Woods has offered they demanded a purse of \$100 beside wanting to get three outside players to strengthen their team. This Woods refused and the game is off. Instead of the Palamas playing the Chinese players the C.A.C. will play a picked team composed of the remaining players in the Riverside League. President Kekelolo of the Riverside Junior League will be manager of the picked team and he says "that he will have a good team out." The game will start at one fifteen, so as to be over before the big game at three.

The golf tournament which will be played on Thanksgiving morning at the Country Club is causing no end of interest among the players and some good scores will no doubt be turned in. The pupils who have been taking lessons from McClaren have improved very much, and it will be a great thing for him if one of them should win. The first section of players will start promptly at ten o'clock and will be followed at ten thirty by the second section. The match will be hurried through so every one will be able to get out in time for the big ball game in the afternoon.

The following course for the four mile run of the Y. M. C. A. on Thanksgiving morning has been adopted: Y. M. C. A. building up Emma street to Punchbowl, around Punchbowl, taking the road past the quarries and the government experiment station to the corner of Wilder avenue and Pensacola street, down Pensacola street to Beretania avenue, to Alakea, to starting point. The start will be made at 9 a. m.

The Fisher team will leave here next Tuesday on the Kinai to show the ball players of Hilo how to play

FOREIGN NEWS BY CABLE

FIGHTING IN MOROCCO.

MAGHNA, Morocco, November 26.—The fighting in Morocco between the forces of the Moorish revolutionists and the French troops under General Druce has recommenced, a desperate battle having been fought yesterday. The tribesmen, numbering ten thousand, advanced upon the French, their ranks being decimated by the machine guns of the allies. They were finally repulsed, leaving dead and wounded to the number of twelve hundred on the field.

EXTRA SUPPLIES OF COAL.

WASHINGTON, November 26.—The Navy Department yesterday issued orders for extra supplies of coal to be sent to the naval stations at Honolulu and Manila for the use of the battleship fleet, soon to start for the Pacific. The coal is to be used for the recoaling of the men-of-war on their return trip home.

The above despatch is the first authoritative word to come from Washington that all or any portion of the Atlantic fleet would rendezvous at Honolulu. It is also an authoritative statement that the fleet is to return to the Atlantic.

ROBBED THE BANK.

BLOOMINGTON, Illinois, November 26.—The State Bank at Clinton, south of this city, was robbed yesterday. The thieves getting away with twenty-two hundred dollars. The robbers entered the bank in daylight, after the regular banking hours when only the employees were on the building. The bank officers were forced in to the vault which was closed on them, after which the robbers secured their booty and succeeded in effecting their escape.

ATTEMPTS SUICIDE.

WASHINGTON, November 26.—R. M. Bambaier, the Acting Chancellor of the Cuban Legation here, made an attempt yesterday to commit suicide. The attempt was unsuccessful, but his condition last night was serious.

ENDS FINANCIAL WORRY.

NEW YORK, November 26.—Louis Straus, capitalist, committed suicide yesterday, being temporarily deranged through worries brought on by the financial situation.

RIOTERS SHOOT AND KILL.

LOUISVILLE, Kentucky, November 26.—A riot occurred here yesterday between the striking street car men and their sympathizers and the strike-breakers. Shots were exchanged during the fighting, two men being killed and a number injured.

BURIED MURDERED WIFE.

OAKLAND, November 26.—M. A. Wilkins, an engineer, murdered his wife yesterday and attempted to dispose of the body by burying it in quicklime. He has been captured by the police.

GUAM HAS NEW GOVERNOR.

WASHINGTON, November 26.—Captain E. K. Dorn has been appointed Governor of Guam in succession to Commander T. M. Potts.

KAIMUKI WATER LATEST PROBLEM

ACTING GOVERNOR MOTT-SMITH
CONSIDERING HOW TO IN-
CREASE SUPPLY.

There is a puzzling question up just at present to the heads of the executive departments to decide what to do about the water supply of Kaimuki and adjacent districts. The present reservoirs that supplies this district is leaking like a sieve, and repairs on it would cost as much almost as a new reservoir or tank, besides the citizens of that elevated section of Honolulu want another supply entirely. They say the present reservoir is not at high enough elevation to supply the residences on the higher levels, and is steadily becoming more inadequate.

The trouble is that there is a question of where the money is to come from with which to either repair or rebuild. There is a Public Works appropriation for "maintenance, repairs, and additions to government property," of \$18,000 to cover the biennial period from last July. Of this \$13,000 still remains. Then there is a balance of \$5,167 for "running expenses and maintenance" of Honolulu water works. Whether or not any of this money would be allowed to be used by the Auditor for new construction or large repairs, is a question.

Yesterday Acting Governor Mott-Smith, Superintendent of Public Works Little visited the reservoirs in question. They are agreed as to the necessity of something being done, but just how, is not clear.

WILL COST \$50,000

TIDAL WAVE WHICH STRUCK
THE ADMIRAL BORRESEN AN
EXPENSIVE ONE

Hamilton & Renny, stevedores and riggers, will put temporary masts and derricks aboard the snarled Norwegian freighter Admiral Borresen, so that she will be able to handle her three million and more feet of lumber freight.

Divers are still at work trying to locate the leak which continues to make about three inches a day.

Captain Winsnes, when temporary repairs have been made here, will take his vessel probably to Shanghai to be drydocked and permanently repaired. The lumber cargo cannot be taken to Taku now for by the time the Admiral Borresen would arrive there Taku would be frozen in. The cargo will likely be discharged at Shanghai.

In a few days the lumber on the steamer's deck will be discharged, the vessel coming alongside a wharf, and necessary temporary repairs will be made, after which the deckload will be replaced. The tidal wave encountered by the Borresen will eventually cost her about \$50,000.

The Admiral Borresen boasts one of the most faithful crews ever seen in this port. Not one has returned from shore leave to the boat in any way influenced by liquor and all the men are standing by the distressed vessel, respecting a good master.

Only a lie needs to be bolstered by a lie.

The only sin that wounds us is the sin we welcome.
Scatter sunshine and you will keep out of the shadow.
No man ever lost any time by putting a curb on his temper.
